

Live to Sail

We have the **sea miles** and depth of knowledge to ensure you a grand opportunity to **experience and enjoy** the magic of cruising under sail.

Whatever your background and interests, we can work with you in a way that will enrich your **knowledge**, enhance your **skills**, and encourage your **enjoyment** of those magic moments on the water.

Custom tailoring a sailing experience to your needs is what we do. Here are a few suggestions to stimulate your imagination:

- A **relaxed day charter** with light lunch and view of the sunset. Let us help you celebrate that birthday, anniversary, or other special occasion with a delightful day on the water.
- You have your eye on the next boat, but is it the right one? As a **Marine Surveyor** and Cruising Yachtsman, Bill can help you make an informed decision.

Aspiring and experienced Yotties will benefit from hands-on lessons in the many facets of Cruising under Sail.

- You may know how to raise sail and beat to windward, but can you wield a palm and needle to mend a sail or whip a line. Cruising is **self-sufficiency**. We will help you find yours.
- You've decided to head out on your boat for as long as it's fun and "**live the dream**". Let us help you prepare and ensure it's a wonder filled experience you will remember forever.
